Junior Analyst – Internship

(M/F)

Our Asset Sale, Investment & Funding is looking for a Trainee for a period of 6 months. Reporting to the Investment Managers and the Senior Financial Analysts, he/she will have the following responsibilities:

- Building financial models for project finance or valuation purposes;
- Developing new models and enhancing the existing models;
- Auditing existing financial models both internally or provided by advisors;
- Challenging the financial inputs and some technical inputs included in the financial models;
- Editing PwP presentations and pitches for any kind of projects (M&A and project finance);
- Realizing preliminary valuations through peers and comparable transactions analysis;
- Identifying the key financial and non-financial risks, recommending actions for mitigation of those risks;
- Applying appropriate sensitivity and scenario analysis to support investment actions;
- Incorporating business feedback and expertise in the models;
- Assisting the team in tracking origination activity, generating deal flow, identifying and recommending possible investment opportunities, conducting research, due diligence and executing on existing and new investments;
- Being involved in all aspects across the entire transaction cycle: (i) financial modelling, (ii) project structuring, (iii) transaction management and (iv) investment memos writing;
