PROSPECTIVE STATEMENTS

This press release contains forward-looking statements. These statements are not historical facts. These statements include projections and estimates and their underlying assumptions, statements regarding plans, objectives, intentions and expectations with respect to future financial results, events, operations, services, product development and potential, and statements regarding future performance. These forward-looking statements may often be identified by the words "expect", "anticipate", "believe", "intend", "estimate" or "plan", as well as by other similar words. Although Votalia's management believes that these forward-looking statements are reasonable, investors are cautioned that forward-looking statements are subject to numerous risks and uncertainties, many of which are difficult to predict and generally beyond Votalia's control, that could cause actual results and events to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. These risks and uncertainties include, among others, the uncertainties inherent in the evolution of the selling price of electricity produced by Votalia, the evolution of the regulatory environment in which Votalia operates as well as the competitiveness of renewable energies and other factors that may affect the production capacity or profitability of Votalia's production sites as well as those developed or identified in Votalia's public filings with the Autorité des marchés financiers including those listed in section 2.2 "Risk Factors" of Votalia's 2024 Universal Registration Document filed with the Autorité des marchés financiers on April 2, 2025. Votalia undertakes no obligation to update any forward-looking information or statements, except as required by law.
