Land Prospector - CDI

Our Development Business Line is looking for a Land Prospector to work under the responsibility of the Solar Manager. The main mission of this position is to identify and secure new projects.

You will be responsible for the following tasks:

- Support on the identification of new projects and the real state management.
- Develop and animate a network of business introducers
- Qualify projects with a view to integrating them into the development process
- Prospect new opportunities with private and public actors
- Securing land through the negotiation and signing of lease promises and leases
- Represent the company with state services and local, public and private actors, and implement appropriate information and communication procedures
- Participation in the launch of the procedures for making the urban planning document compatible

Qualifications :

Graduated from an engineering school or business school education, profiles with field experience will also be appreciated. You have a successful experience in the development of renewable energy projects.

You have a good knowledge of the energy sector and a long experience in long-cycle sales / purchase processes.

● SOLAR ● WIND ● HYDRO ● BIOMASS ●

At Voltaia we are passionate about **renewable energies!** We are an electricity producer from wind, solar, hydro and biomass, and also a service provider to 3rd party clients such as **Development, EPC, O&M and Distribution.**

Today we are in **18 countries, split among 4 continents**, and offering a **global operating capacity** to our clients. We are listed on the regulated Euronext market in Paris since July 2014.

Do you have the energy we need ?
