Contract Manager (F/M)

Our EPC department is looking for a contract manager based in Paris. Reporting to the EPC Operations Manager, the contract manager is involved on a portfolio of projects across all energies and geographies for which he/she supports the project team on contractual and legal aspects. He/she is responsible of the project's good execution for contractual matters: EPC contract with client, purchase orders with suppliers, engineering contracts, consortium agreement, MOU, NDA, etc...

Essential duties and responsibilities of this position include:

1. EPC Contracts negotiation

- Drafting of the contract and addendums, continuous improvement of the group standards
- Support during contracts negotiation
- Identification and optimization of commercial leverage

3. Project execution follow-up:

- support to the contractual mails redaction
- risk management
- Addendum/change orders management
- Management of the project contractual documentation

4. Tools and methods, in coordination with the PMO department:

- Implementation and follow-up of the contractual procedures on the project management field
- Implementation and follow-up of Key Performance Indicators (KPI) to monitor projects performances

● SOLAR ● WIND ● HYDRO ● BIOMASS ●

At Voltalia we are passionate about **renewable energies!** We are an electricity producer from wind, solar, hydro and biomass, and also a service provider to 3rd party clients such as **Development, EPC, O&M and Distribution.**

Today we are in **18 countries, split among 4 continents**, and offering a **global operating capacity** to our clients. We are listed on the regulated Euronext market in Paris since July 2014.

Do you have the energy we need ?
